The diagram illustrates a Dispersed System (DS) with two nodes. A central red circle is labeled "DS". Two smaller white circles are positioned vertically above and below the central circle, connected by a vertical line. The top white circle is labeled "Danjuma ..." and the bottom white circle is labeled "Swissnes...". A dashed line connects the two white circles, forming a loop around the central "DS" circle. A red dot is located on the vertical line between the two white circles, and another red dot is located on the dashed line connecting them. A red box labeled "2 Firmen" is positioned to the right of the central "DS" circle.
